

What is the

Coronavirus?

Rosehill School

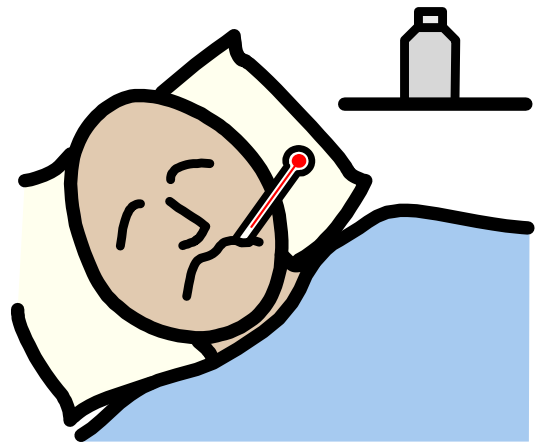

Viruses

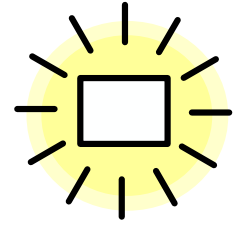

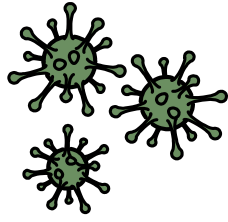

make

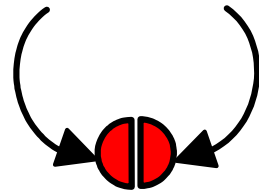

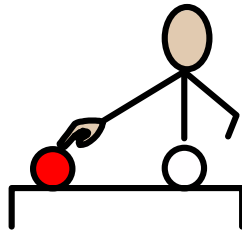

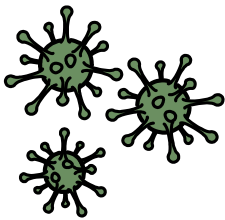

people

poorly.

The Coronavirus is a new

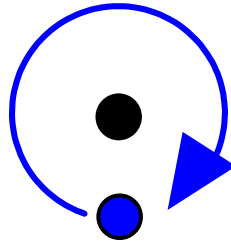

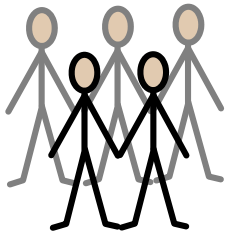

virus

that

is

making

people

around

the

world

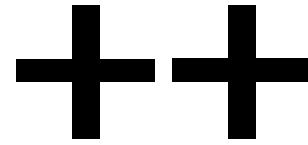

poorly.

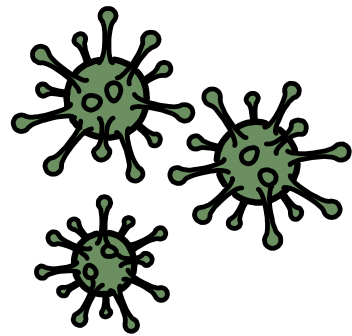

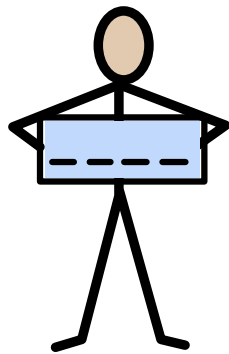

It

can

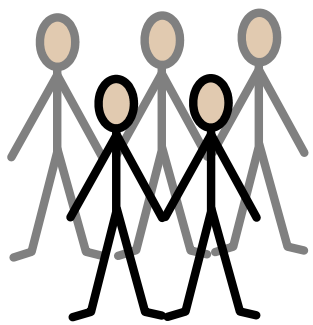

also

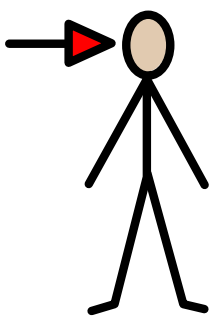

be

called

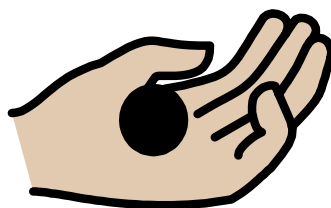

Covid-19.

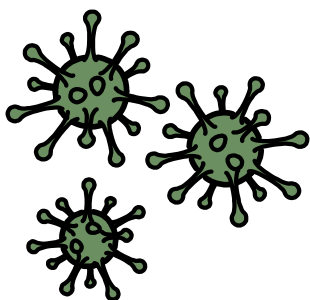

People

who

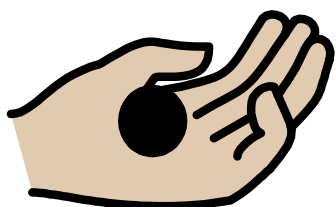

have

Coronavirus

might

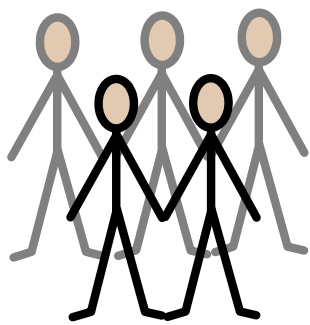

have

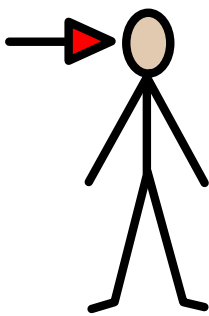

a

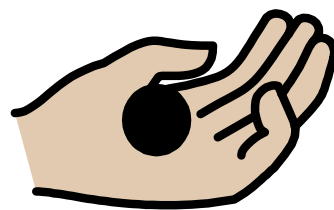

cough.

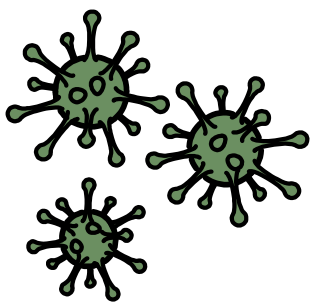

People

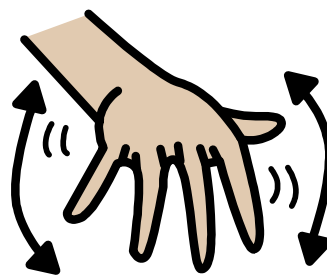

who

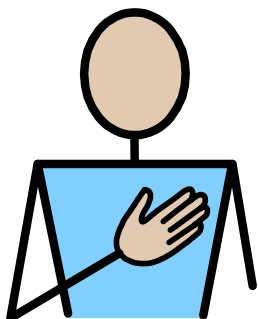

have

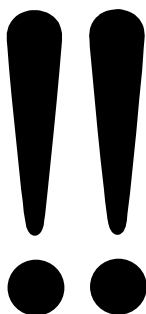

Coronavirus

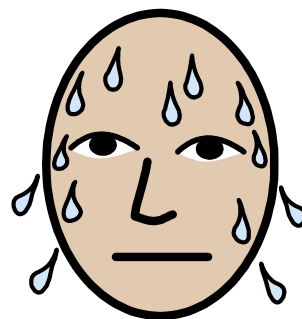

might

feel

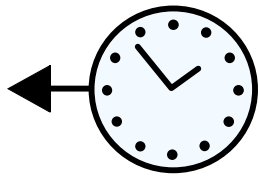

very

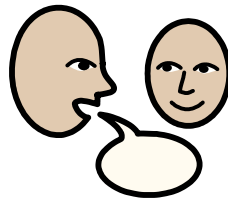

hot.

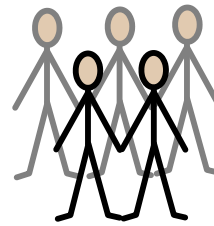

To be safe, the Prime Minister

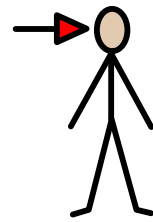

has

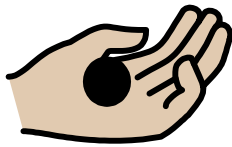

said

people

who

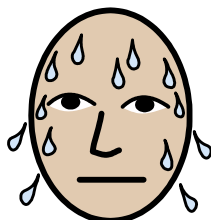

have

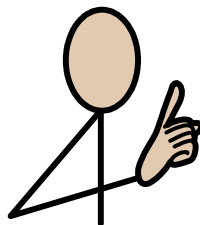

a cough

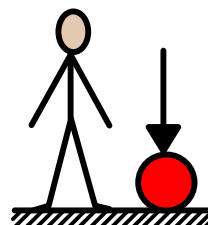

or are too

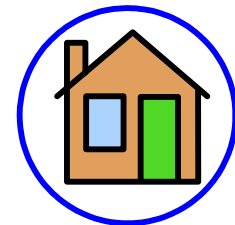

hot

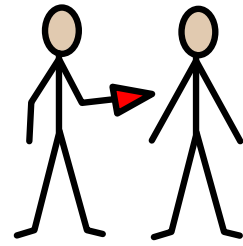

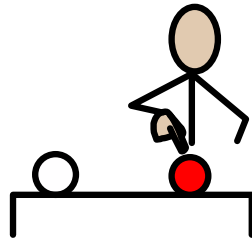

must

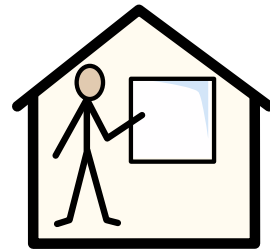

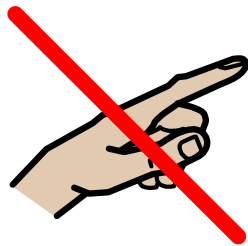

stay at

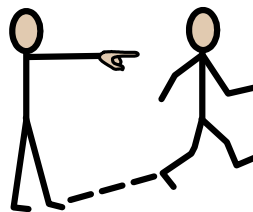

home

Because of this, you

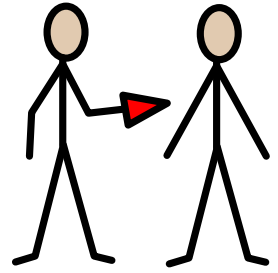

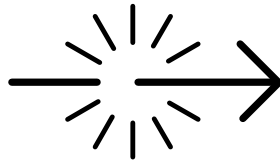

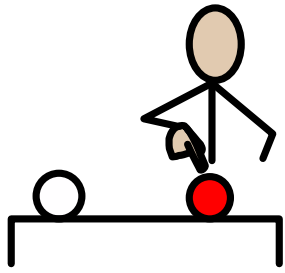

might not go to school or

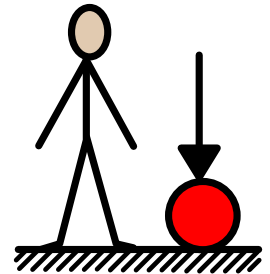

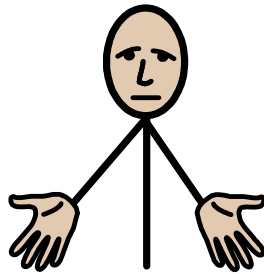

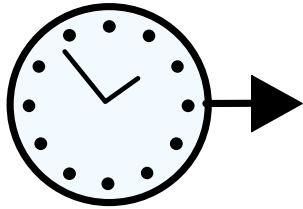

might be sent home.

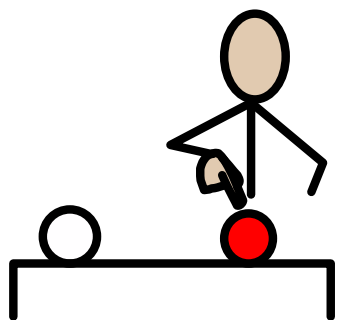

If this happens you

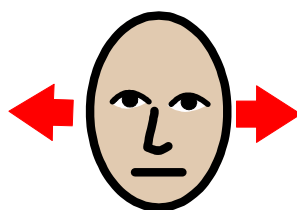

will need to stay at

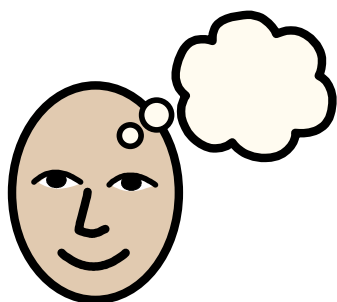

home for 7 days.

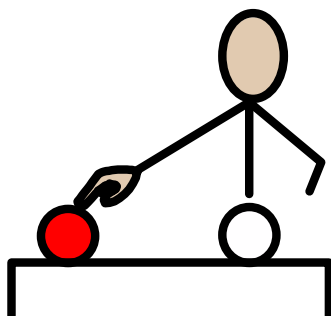

This

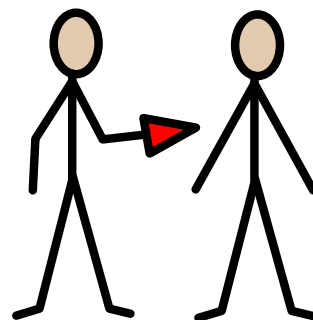

does not

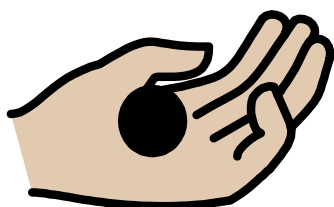

mean

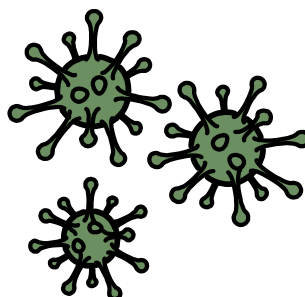

that

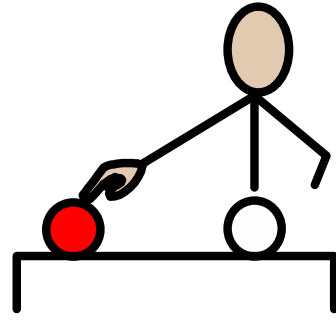

you

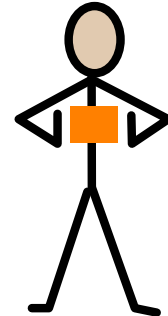

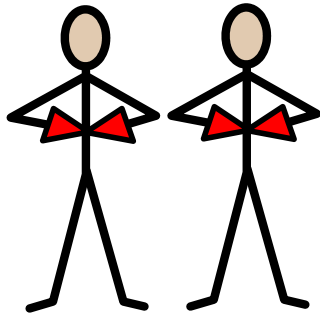

have

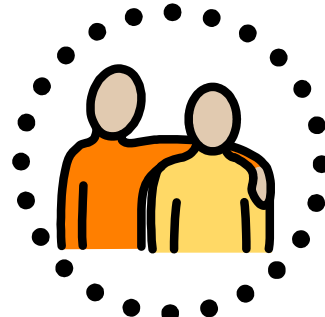

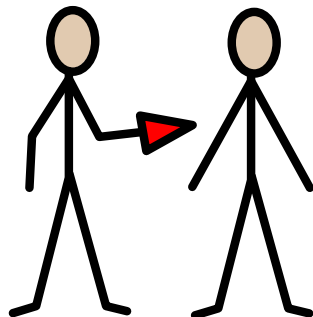

Coronavirus.

It means that

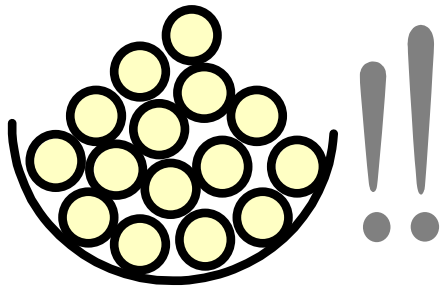

we are keeping

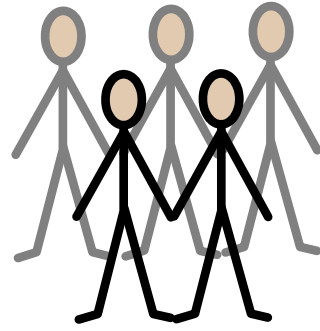

you

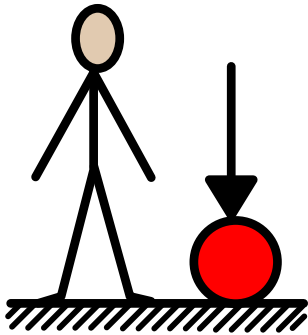

safe.

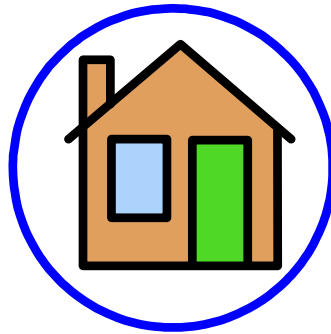

Most

people

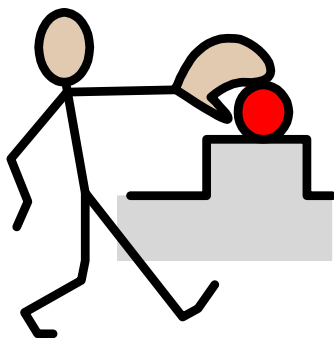

stay at

home

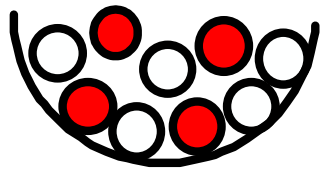

to

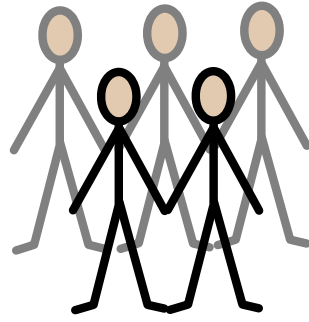

get

better.

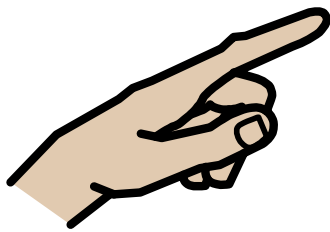

Some

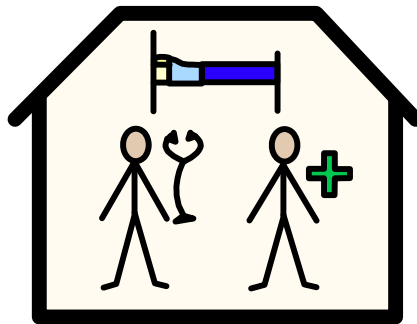

people

might

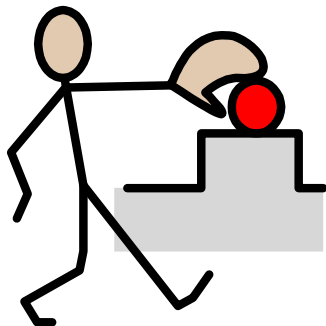

go to

hospital

to

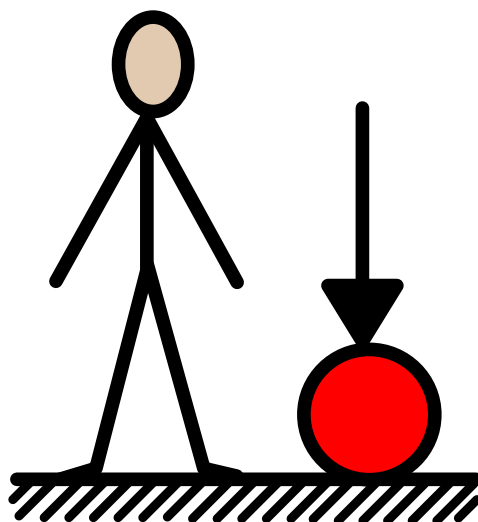

get

better.

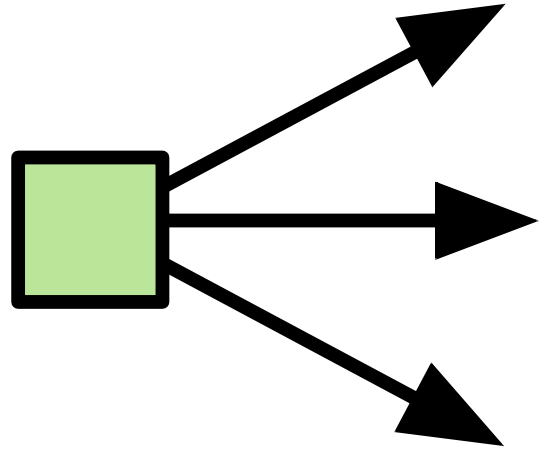

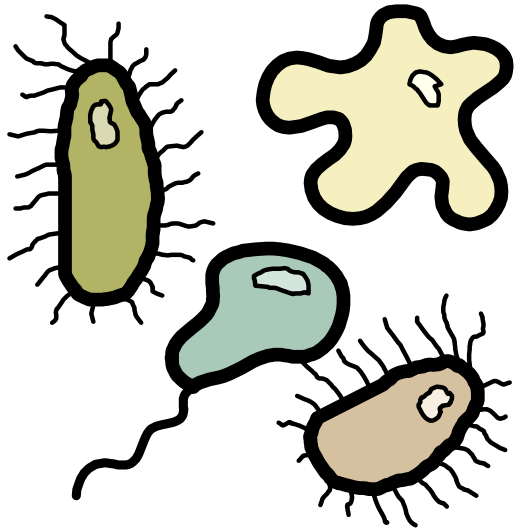

Staying

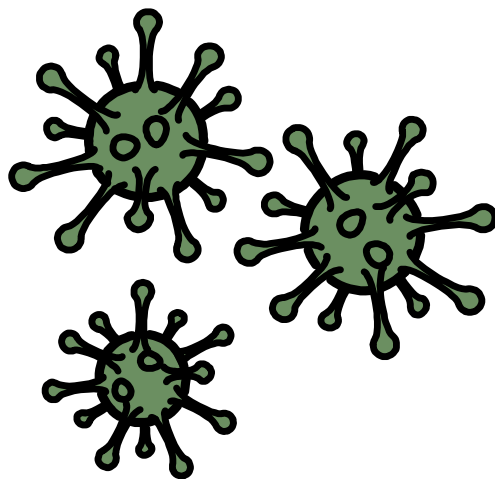

Safe

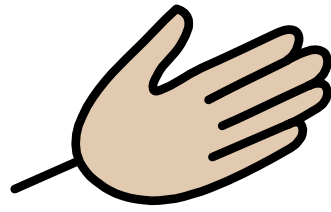

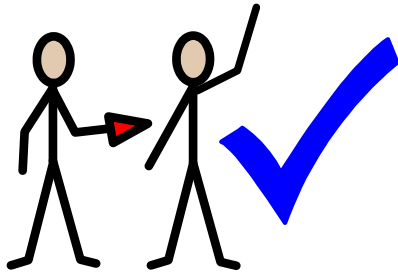

Germs

spread

Coronavirus.

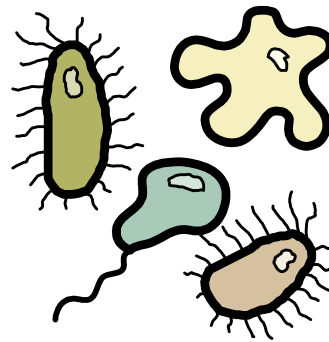

You can

help

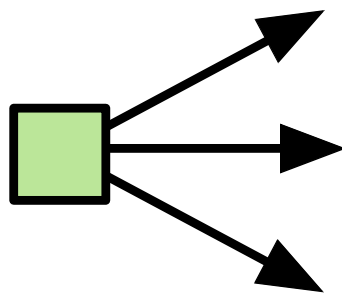

to

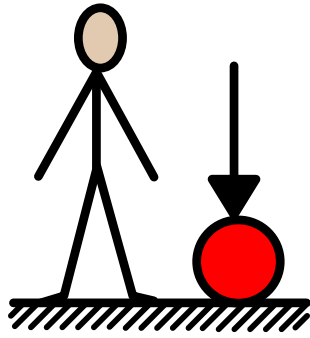

stop

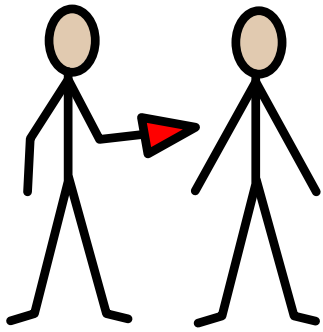

germs

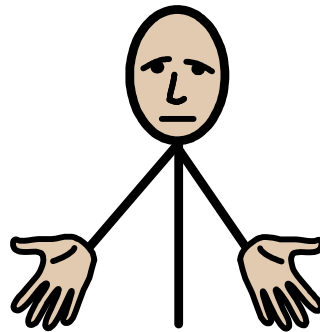

spreading.

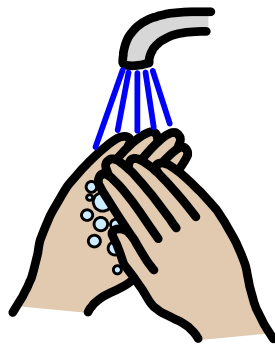

To stay safe,

you

need to

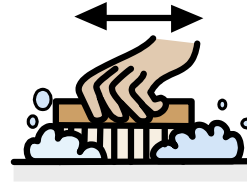

wash your hands.

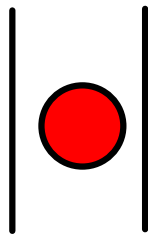

Use soap

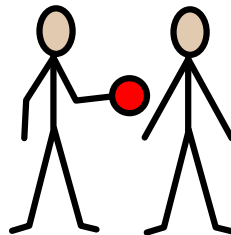

and

scrub

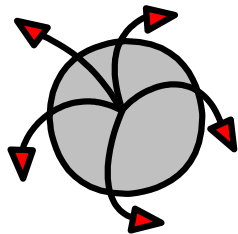

in between

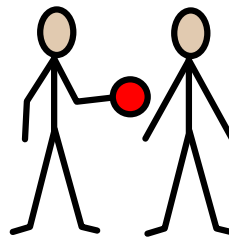

your

fingers

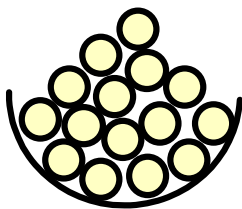

and all-over

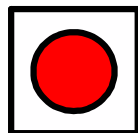

your

hands

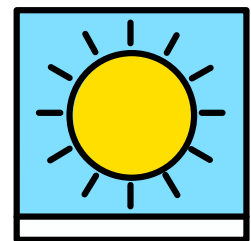

lots of times

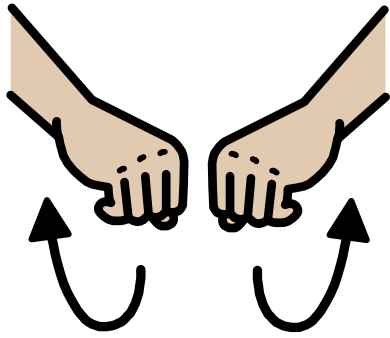

in

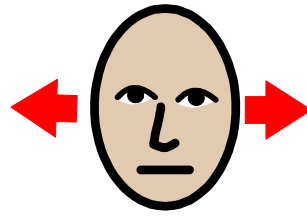

the

day.

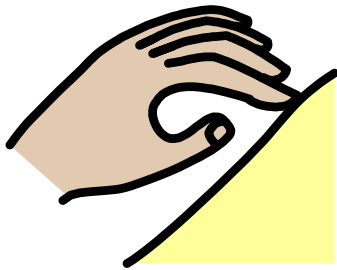

Try

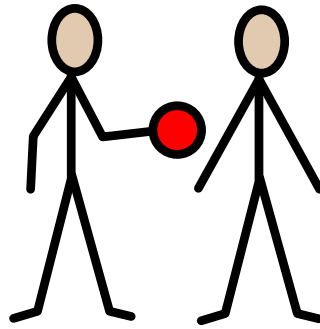

not

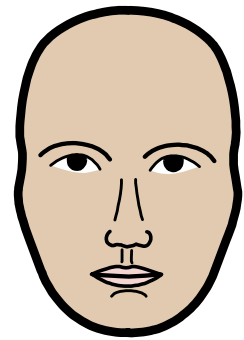

to

touch

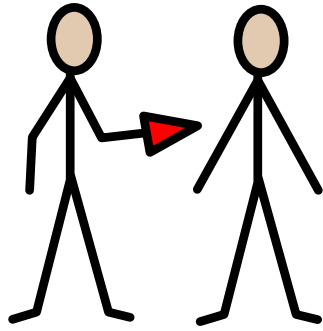

your

face

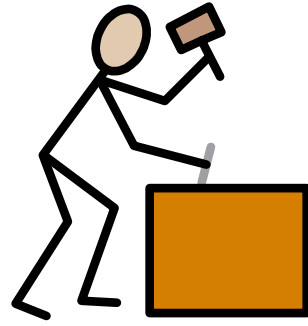

or mouth.

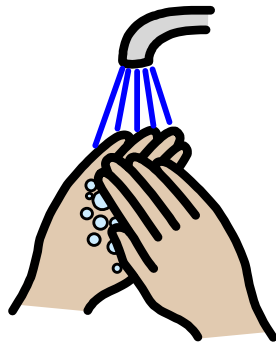

If

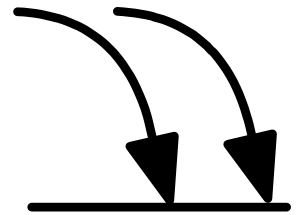

you

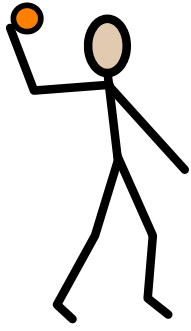

do,

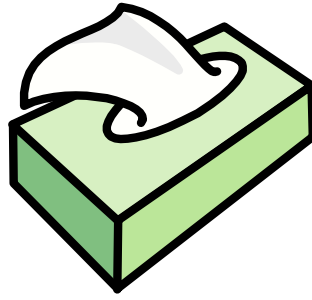

wash your hands

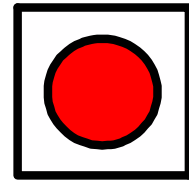

again.

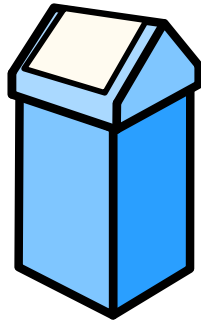

Throw

tissues

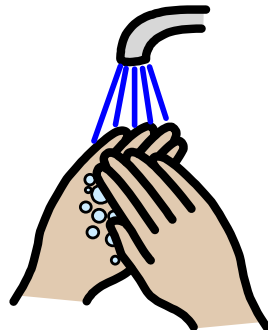

in

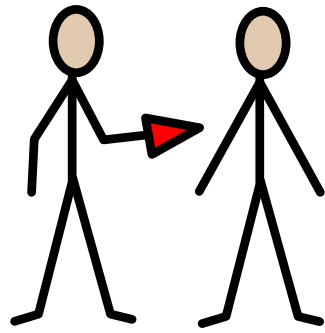

the

bin

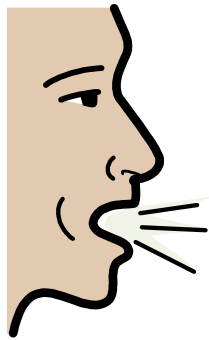

and then

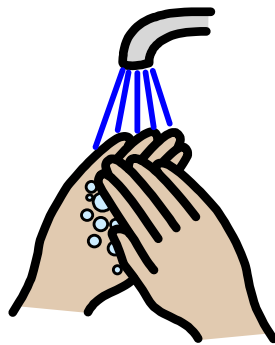

wash your hands.

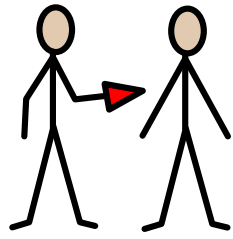

If you sneeze or

cough,

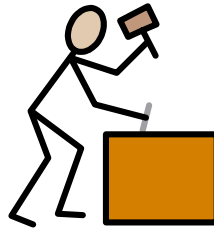

wash your hands.

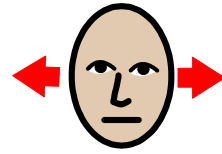

If

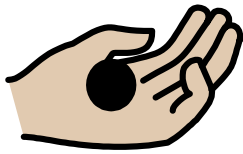

you

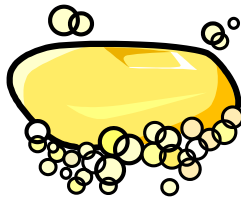

do

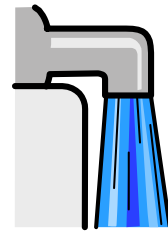

not

have

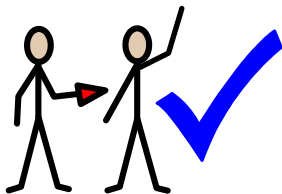

soap

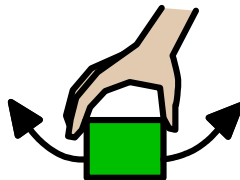

and

water

you can

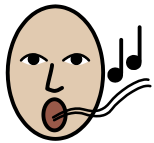

use

hand sanitiser.

Sing

to

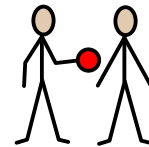

Row,

Row,

Row

your

boat

x2

x2

Wash,

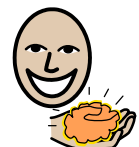

wash,

wash your hands,

scrub them

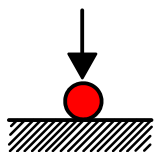

nice

and clean.

Scrub them

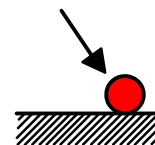

here

and

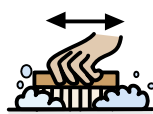

scrub them

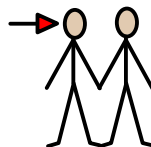

there

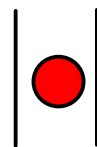

and

scrub

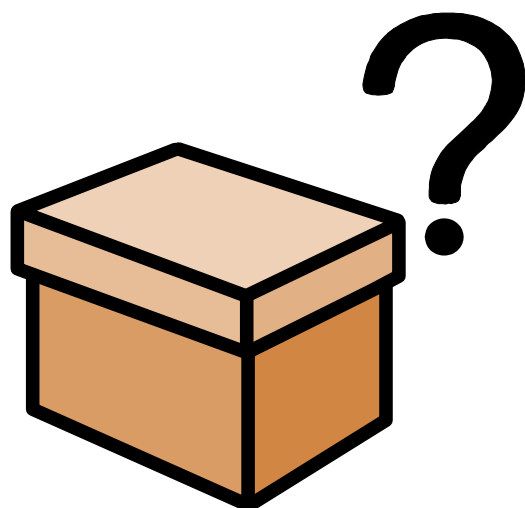

them

in between.

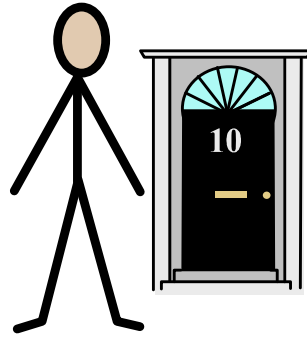

What if

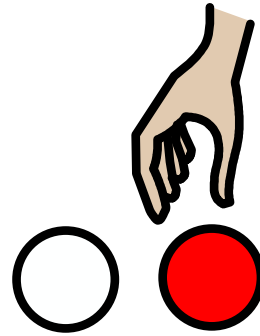

School closes?

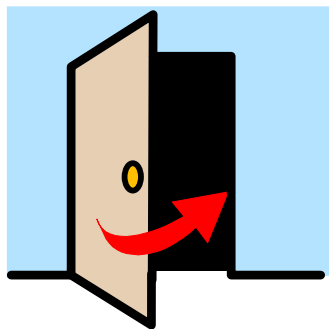

The Prime Minister

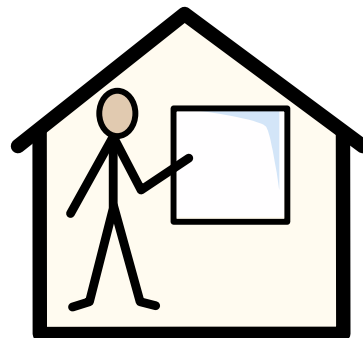

might

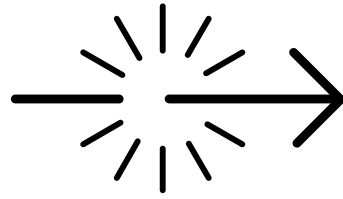

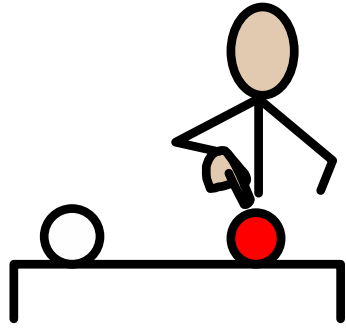

decide to

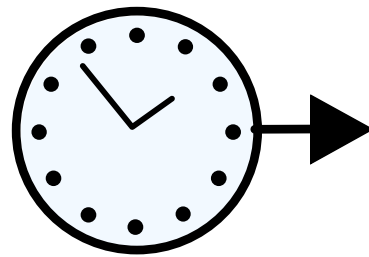

close

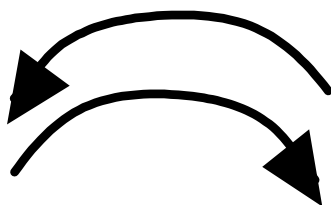

school

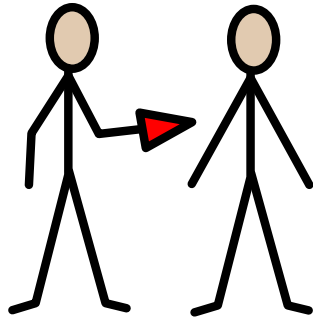

If this happens,

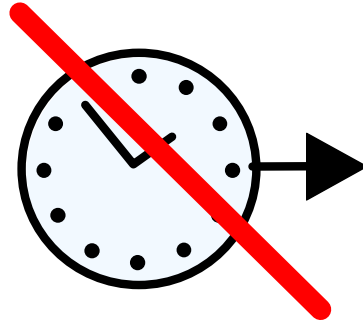

things will

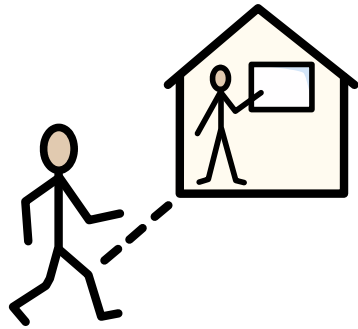

change.

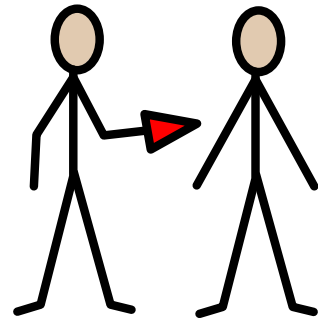

You

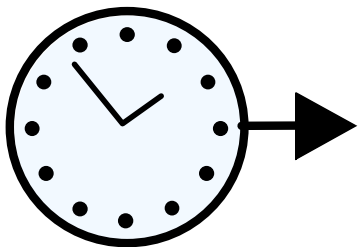

will not

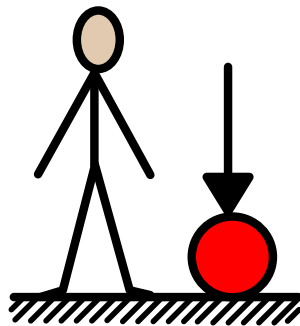

go to school.

You

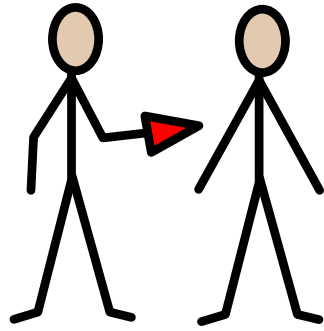

will

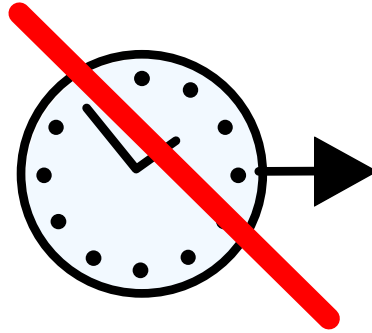

stay at

home.

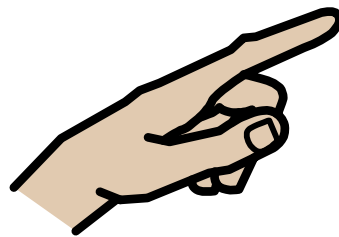

You

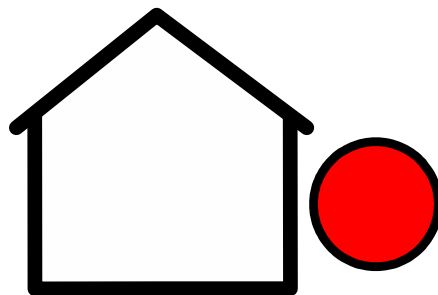

will not

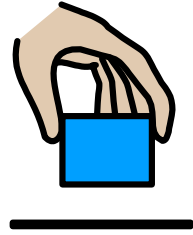

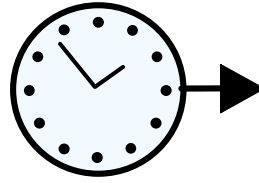

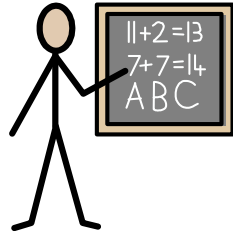

be able

to go

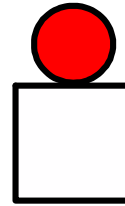

outside.

The teachers

will

put

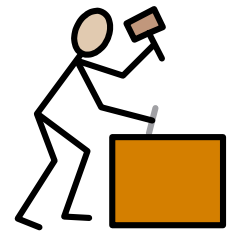

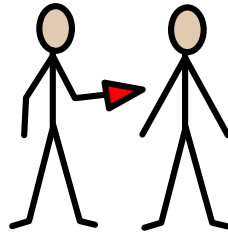

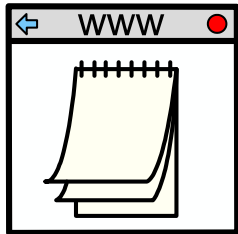

some

work

on

the

website

for

you

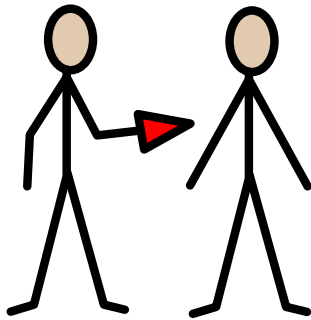

to

do.

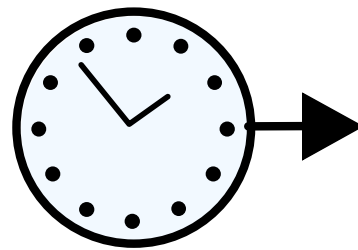

When it is safe,

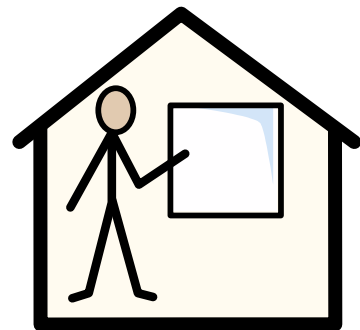

you

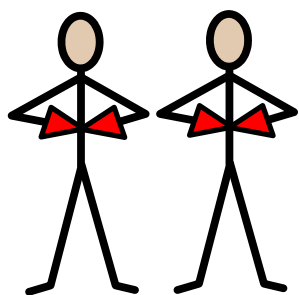

will

go back to school.

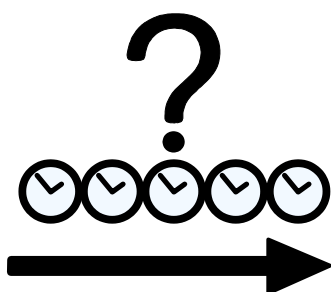

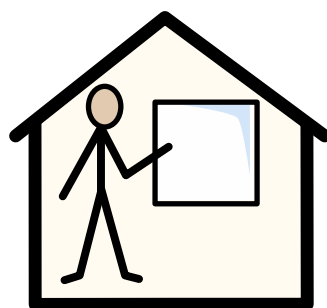

We

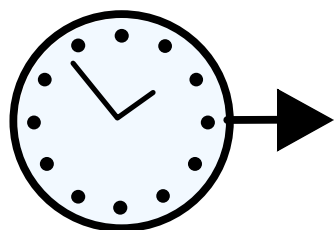

do not know

how long

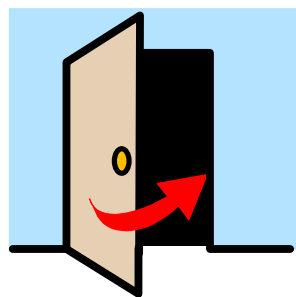

school

will

be

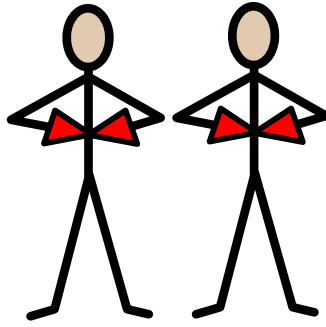

closed

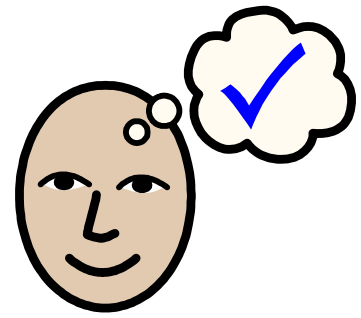

for.

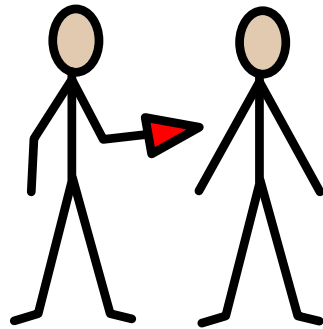

When

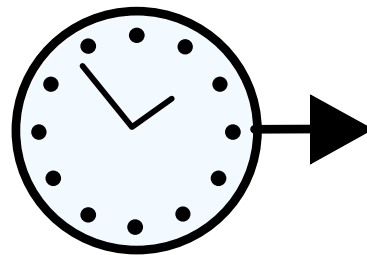

we

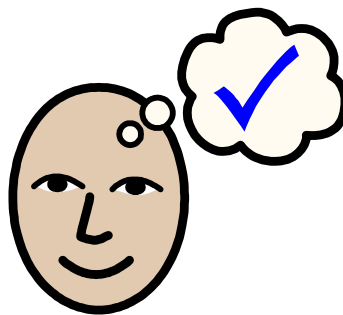

know,

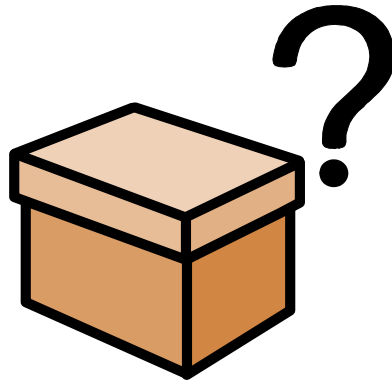

you

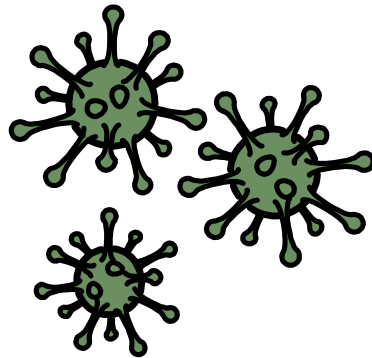

will

know.
